Dear Ed,

Thanks for your nice letter. I don't know what my schedule is on March 21st but if I am in the building I would like to have you drop in while you are here.

Your letter reminds me that I would like to get my hands on that paper on intelligence on the American Revolution which was done as a project by an officer in one of our military reserve corps. I sort of remember his name was Mitchell but I'm not sure of that. It was somewhere between 50 and 100 pages and a lot of Washington's letters appended to it which laid out intelligence tasking and operational directives -- secret writing and all that. If you can identify that and let me know where I can get a copy I will appreciate it.

With best regards.

Yours,

William J. Casey
